
The Operating System Education Has Been Waiting For

AmenXE: Where AI meets education management

⚠ THE CHALLENGE

School Operations Are Breaking Under Complexity

Fragmented Systems

Five different platforms for admissions, academics, finance, and communication—none talking to each other

Manual Chaos

Staff spending 15+ hours weekly on repetitive data entry, follow-ups, and report generation

Zero Visibility

Leadership making critical decisions without real-time insights into operations, enrollment, or learning outcomes

AmenXE: One Platform. Complete Control.

The first AI-powered Education Operating System that unifies school ERP, education CRM, learning management, and intelligent automation into a single command center.

School ERP

Academics, finance, operations, HR—completely integrated

Education CRM

Lead management, admissions pipeline, parent engagement

Learning Platform

Content delivery, assessments, progress tracking

AI Intelligence

Automation, insights, predictions—working invisibly
